

# Cooking Doesn't Require Calculus

Puzzle Code: 759

Recipes may be carefully calculated formulas, but cooking is still a creative operation. A master chef approaches a dish with room for change, but don't get too carried away. Follow the instructions carefully and use the suggested quantities as a starting point.

Ingredients:

| Quantity | Item             |
|----------|------------------|
| 6 cups   | Brussels Sprouts |
| 32       | Walnuts          |
| 3        | Pineapples       |
| 2 cups   | Condensed milk   |
| 3 lbs    | Puff pastry      |

Instructions:

1. Marinate the brussels sprouts by adding 2 tablespoons of vinegar
2. Use the walnuts to construct decorative 2-room log cabins.
3. Cube the pineapples. Set aside 3, and divide the rest into 4 portions.
4. Mix the sauce using the condensed milk as a base. To raise the base quality, use 3 pinches of flour.
5. Take the puff pastry and fluff into a square.
